August 30, 1996

Honorable R. B. Shore
Clerk to Board of County Commissioners
Manatee County
Post Office Box 1000
Bradenton, Florida 34206

Attention: Susan G. Romine, Deputy Clerk

Dear Mr. Shore:

Pursuant to the provisions of Section 125.66, Florida Statutes, this will acknowledge your letter of August 26, 1996 and certified copy each of Manatee County Ordinance Nos. PDPI-96-02 (Z)(P), Z-96-08, Z-96-10, Z-96-11, PDR/PDC/96-03(Z)(G), and 96-31, which were filed in this office on August 30, 1996.

The duplicate copy of each showing the filing date is being returned for your records.

Sincerely,

Liz Cloud, Chief
Bureau of Administrative Code

ORDINANCE 96-31

AN ORDINANCE OF THE BOARD OF COUNTY COMMISSIONERS OF MANATEE COUNTY, FLORIDA, AMENDING, RENDERING A DEVELOPMENT ORDER PURSUANT TO CHAPTER 380, FLORIDA STATUTES FOR THE TARA DEVELOPMENT OR REGIONAL IMPACT, WHICH AMENDS, REPLACES AND SUPERSEDES RESOLUTION NO. DRI#11, AS AMENDED; FINDING THAT THE PROPOSED CHANGES DO NOT CONSTITUTE A SUBSTANTIAL DEVIATION; AND PROVIDING FOR AN EFFECTIVE DATE.

SECRETARY OF STATE

AUG 30 10 12 AM '96

FILED

WHEREAS, TARA-Manatee, Inc., the owner and developer, hereinafter referred to as "TARA", in accordance with Section 380.06, Florida Statutes, filed with Manatee County an Application for a Notice of Proposed Change (NOPC) for a Development of Regional Impact (DRI #11); and

WHEREAS, the authorized agent for the developer is Patricia A. Petruff, Esq.; and

WHEREAS, the Board of County Commissioners as the governing body of the local government having jurisdiction, pursuant to Sections 380.031 and 380.06, Florida Statutes, is authorized and empowered to consider whether or not the NOPC constitutes a Substantial Deviation pursuant to Section 380.06 (19), Florida Statutes; and

WHEREAS, pursuant to Section 502.5.2, of the Manatee County Land Development Code and Section 380.06(11), Florida Statutes, a notice of public hearing of these proceedings was duly published; and

WHEREAS, upon publication and furnishing of due notice, public hearings in these proceedings were held before the Planning Commission on July 11, 1996 and July 17, 1996 and before the Board of County Commissioners of Manatee County, Florida on July 25, 1996 and August 22, 1996; and

WHEREAS, all parties were afforded at the public hearing the opportunity to present evidence and argument on all issues, conduct cross-examination and submit rebuttal evidence and any member of the general public requesting to do so was given an opportunity to present written or oral communication; and

WHEREAS, pursuant to Section 380.06(12), Florida Statutes, Tampa Bay Regional Planning Council (TBRPC), the appropriate regional planning agency, prepared and submitted to Manatee County its report and recommendations on the regional impact of the development; and

WHEREAS, the Board of County Commissioners and Planning Commission have considered the testimony, reports, and other documentary evidence submitted at said public hearing by TARA, the TBRPC, the DCA, as well as Manatee County staff agencies and various persons in attendance at said public hearing; and

WHEREAS, the Board of County Commissioners has received and considered the recommendation of the Manatee County Planning Commission.

NOW, THEREFORE, BE IT ORDAINED by the Board of County Commissioners of Manatee County, Florida, that the Board makes the following findings of fact:

1. A Notice of Public Hearing in these proceedings was duly published in the Bradenton Herald, a newspaper of general circulation in Manatee County, Florida, pursuant to Section 380.06(11), Florida Statutes, and Section 502.5.2 of the Manatee County Land Development Code and proof of such publication has been duly filed in these proceedings.

2. The real property involved in this development is located in Manatee County, Florida and is described in Section 3, VIII.

3. Upon consideration of all matters prescribed in Sections 380.06(13) and 380.06(14), Florida Statutes, and other applicable provisions of local and state law, the Board has determined that the TARA development described in the Application:

- (a) is not located in an area of critical state concern, and
- (b) does not interfere with the achievement of the objectives of any adopted state land development plan applicable to the area;
- (c) is consistent with local land development regulations; and
- (d) adequately addresses the concerns of regional impact stated in the report and recommendations of the Tampa Bay Regional Planning Council dated on file in these proceedings, and is consistent with that report.

96-31 Tara-Development Order (Amended)

BE IT FURTHER ORDAINED, by the Board, as conclusions of law that

- (a) the proceedings have been conducted pursuant to the provisions of the Manatee County Land Development Code and Chapter 380, Florida Statutes, and that
- (b) TARA has rebutted the presumption that the changes proposed in the NOPC are a substantial deviation.
- (c) TARA has sustained and proved all the material allegations and assertions made in the NOPC and, subject to the conditions, restrictions, and limitations hereinafter set forth, TARA is entitled to the relief prayed and applied for in said NOPC and, therefore, the Board hereby approves and grants TARA's request to change the TARA DRI #11, subject to the following:

**CONDITIONS AND LIMITATIONS
RESTRICTING DEVELOPMENT**

I. WATER QUALITY, QUANTITY, AND ENVIRONMENT

1. Water quality standards defined in Chapter 62-302, Florida Administrative Code, (F.A.C.) shall be applicable to the project. The Florida Department of Environmental Protection (FDEP) shall be the responsible agency for determining which water quality standards as defined in Chapter 62-302 F.A.C. and other applicable laws and regulations are applicable to the TARA site and the specific activities proposed to be carried out on the site by the applicant.
2. At such time as the County may adopt water quality standards under a local pollution control program, in accordance with Section 403.182, Florida Statutes, TARA shall be required to conform to such standards for all future permitting activities.
3. Monitoring station location, sampling frequency, and reporting schedules shall be determined by FDEP and Manatee County provided that all required station locations are specific to the TARA site. All data resulting from these water quality sampling activities shall be provided to the Manatee County Environmental Management Department or other appropriate County department at the same time such data is provided to FDEP. Any additional stations which may be required during the construction phases of the project shall be subject to EMD approval.
4. In the event that monitoring data affirmatively reflects that the prescribed water quality criteria have been exceeded by activity occurring on the TARA site, the appropriate regulatory authority shall issue a written Notice of Violation and Stop Work Order specifying the nature of the violation, and directing that such activity cease immediately. Such order shall remain in full force and effect until the activity is corrected to the satisfaction of the Environmental Management Department, subject to the administrative appeals process of the Land Development Code. Notwithstanding any other provision in this paragraph, if the Stop Work Order includes a finding that, in the opinion of the Manatee County Environmental Management Director, the violation constitutes a peril to life or property, the developer shall not be entitled to a stay during administrative or judicial review of the Stop Work Order.
6. The water quality monitoring program shall be continued throughout the construction phases of the project and for five (5) years after the completion of construction for each phase.
7. All retention lakes shall be constructed in accordance with the lake systems management plan dated March, 1984, which was approved for the Tara project.
8. No destruction of wetlands (i.e. freshwater swamp and freshwater marsh) shall be allowed below the ten (10) foot contour line except that required for proposed access roads, bridges, culverts, drainage systems, utility lines, proposed bicycle and nature paths, and existing county roads provided that such utility easements are located within the rights of way of the existing or proposed access roads. In addition, TARA shall preserve by establishing lot boundaries, a portion of the land below the ten (10) foot contour and adjacent to the wetlands. The portion to be preserved shall be either the fifty (50) feet adjacent to the wetlands in question or to the extent of DEP's jurisdiction, whichever is greater. There shall be no direct discharge of stormwater runoff below the ten (10) foot contour line to the Evers Reservoir. Conventional swales which run parallel to the Evers Reservoir shall be placed within the designated buffer zone for all lots which are below the ten (10) foot contour line and between Braden River Road and Linger Lodge Road. Said swales shall convey the runoff from the lots to the wetlands system adjacent to Nonsense Creek. Sheet flow discharge shall be provided at the

point of outfall into the wetland system. This requirement is subject to FDEP approval. All habitable structures shall comply with applicable Federal Flood Zone requirements.

9. Tara shall install and maintain the water quality control system to comply with all conditions, limitations and restrictions imposed in applicable permits.
10. Construction of the proposed drainage system shall be certified by the engineer(s) of record.
11. The drainage/retention system shall be maintained in accordance with the maintenance and operation program approved by Manatee County for the project.
12. The County and the City of Bradenton shall have the right to participate in any proceedings involving permit applications with FDEP. The County shall give the City of Bradenton notice of all pending FDEP permit applications.
13. The TARA drainage system shall be designed to insure that the quantity of flow to the Evers Reservoir from the TARA site shall not be significantly altered and the water quality of the Evers Reservoir shall not be significantly degraded as a result of the discharge of drainage water from TARA.
14. Erosion and sedimentation controls necessary to protect water quality during construction and site activity shall be required. TARA shall prepare and furnish to Manatee County for approval prior to construction plan approval of each phase a plan for control of such potential pollution.
15. An inspection program may be instituted by either FDEP or the County to insure compliance with all applicable rules and regulations during and after construction.
16. Preliminary Site Plans submitted after July 25, 1996, except for parcels III-X, III-S, III-T, and II-C, shall be required to meet the policy of Section 3.2.1.1 of the Manatee County Comprehensive Plan for projects within the Evers Reservoir Watershed. Specifically, a stormwater management system must be designed and operated to demonstrate compliance with Outstanding Florida Water Standards as established in Section 717 of the Manatee County Land Development Code.

The stormwater management system for parcels III-X, III-T, III-S, and II-C shall meet the environmental criteria of the Southeast Area Task Force.
17. Pre-development surface flows shall be maintained throughout each phase of development. Where a deficit in surface flows is determined to be the result of activities conducted by TARA, TARA shall be required to offset such deficits by augmenting surficial stream system from wells which are cased through the surficial aquifer zone on the TARA property. Such augmentation program shall not be applicable during periods that water in excess of the City's needs is being discharged over the Evers Reservoir dam. If TARA can substantiate with data acceptable to the SCS, SWFWMD, USGS and Manatee County that the development has caused an increase in groundwater flow to the Evers Reservoir, such increase may be credited to any deficit which may occur in surface flow.
18. Construction, maintenance, and remedial improvements of the stormwater system shall be the responsibility of the developer until such time as the system or portions thereof have been turned over for maintenance to another responsible legal entity such as the homeowners association.
19. All wetlands existing on the 15.55 acre parcel to be added to the DRI located in Phase III-O and III-P shall be designated as preservation areas and shall not be impacted. Additionally, wetland buffers shall be provided around these areas in accordance with the Comprehensive Plan.
20. The Developer shall establish a minimum fifteen foot wetland buffer around the wetlands located in Phase III and as delineated on Revised Map H (dated August 9, 1996, Exhibit B) and Map K of the original ADA submittal. Within the buffer, the Developer shall be authorized to install and maintain appropriate transitional planting which will serve to protect the wetlands and enhance the golf course. A buffer management plan shall be approved by the Environmental Management Department with the initial preliminary site plan for Phase III. Wetland buffers on all preliminary site plans submitted after November 13, 2002 shall be in complete compliance with the Comprehensive Plan.
21. Post development wetland buffers of 30 feet for isolated wetlands and 50 feet for contiguous wetlands must be provided for all wetlands in Phase II.

22. With regard to water quantity, the project must be designed to meet current Manatee County criteria which requires that the post-development peak rate of runoff be equal to or less than the pre-development peak rate of runoff for a 25 year/24 hour storm event.

II. WATER SUPPLY AND WASTEWATER TREATMENT FACILITY.

1. In order to ensure adequate potable water supply, sufficient flows and pressure to the development during peak demand periods, an elevated water tank or other equivalent facilities shall be erected on site. The applicant shall donate land and pay a pro-rata share of construction cost for such facilities. The donation of land and pro-rata share shall be determined when required by the Manatee County Public Works Department.
2. The Manatee County Public Works Department must approve the design and construction of the development's sewage collecting system and water distribution system. The sewer collection system shall be constructed by TARA and the County shall maintain the system in such a way and with such assurances that in the event widespread power outages occur, wastewater will be controlled from overflowing in accordance with the best available technology.

III. NOISE ABATEMENT.

1. No residential dwelling units shall be allowed between the L10 70dBA noise level contour and I-75 or State Road 70 unless such residences are protected by some performance equivalent measure to achieve the L10 60 to 70 dBA range. Living areas shall be located and designed in a manner which orients the living areas and outdoor activity areas away from the noise source. Living areas include bedrooms, lanais, and Florida rooms. Buildings shall be positioned to maximize the distance between the residential units and the noise source. The use of existing vegetation, earthen berms, decorative walls, and significant landscape buffering should be provided between the residential units and the noise source.

Additionally, residential units constructed within noise level contours in excess of the L10 65 dBA contour must meet the sound levels identified by the EPA as sufficient to protect public health and welfare (see Table I attached hereto as Exhibit A). The applicant shall demonstrate compliance with these standards at the time of Final Site Plan approval for any sub-phase which is affected by these noise standards.

IV. SCHOOL SITE.

1. If the County adopts any type of impact fee program for construction of school facilities during the term of this development order, the developer shall be entitled to credits for the school site conveyed to the Manatee County School Board in the amount of \$170,602.50.

V. ROADWAY IMPROVEMENTS.

1. By January 31, 1997, Manatee County and TARA shall enter into an agreement outlining the responsibilities of each party for construction of a traffic signal at the intersection of S.R. 70 and Tara Boulevard. It is contemplated that Tara will pay up to 100% of the cost of said signal not to exceed \$126,000.00 and that Manatee County will be responsible for the design, permitting, and construction of the signal. The County acknowledges that pursuant to R-93-25 (The Creekwood Development Order), it has required another developer to construct said signal and that any agreement for said signal may include participation on a 50% basis by that developer.
2. Building permits for Phase III shall not be issued by the County until the Developer has completed the following roadway improvements:
 - (a) Construction of a free-flow right-turn lane on SR 70 at the Braden River Road entrance to the development.
 - (b) Upgrading main entrance road to a four-lane divided road from the third internal intersection to the sixth internal intersection.
 - (c) Improvements to Braden River/Linger Lodge Road from SR 70 to I-75 as follows:
 - (1) Widening approximately 2.4 miles of existing 20' wide pavement from 20' to 24' wide along with a leveling course and cap.

- (2) Construction of a 24' wide rural section 0.8 mile in length from the end of existing pavement to the beginning of the I-75 overpass.
 - (3) Grade the shoulders to the typical rural section where said roadway is contiguous to the development.
3. The Tara development shall be subject to any future fair share road improvement programs adopted by the County.
 4. Prior to approval of Final Site Plans for the combination of 571 single-family units, the 1,148 multi-family units, and 223,202 square feet of commercial development, a transportation study will be made by the developer to evaluate impacts of the project. The results of this study will be submitted to the County and the Tampa Bay Regional Planning Council as revision to the transportation portion of the Application for Development Approval. The transportation portion of the ADA and this Development Order will then be reviewed in accordance with Chapter 380 of the Florida Statutes.

Land use exchanges between single family, multi-family and commercial uses may take place upon demonstration that the traffic impacts in the traffic analysis dated July 22, 1996 have not been exceeded.

5. Prior to approval of Final Site Plans for the combination of the 498 single-family dwelling units, the 974 multi-family dwelling units, and the 188,627 square feet of commercial space, the following improvements must be completed:
 - (a) At the intersection of Tara Boulevard and SR 70
 - (1) An exclusive northbound right-turn lane. The storage length shall be a minimum of 225 feet.
 - (2) A northbound left-turn lane. The resulting dual left-turn lanes shall have a minimum queue length of 350 feet per lane. In addition, guiding pavement markings to provide turning lane separation (two foot long dashed lines with four foot gaps to channelize turning traffic) shall be included.
 - (3) An exclusive southbound right-turn lane. The storage length shall be a minimum of 400 feet in length.
 - (4) Extend the queue length component of the westbound dual left-turn lanes. The minimum queue length shall be 300 feet for each lane.
 - (b) Participate in signalization at the Interstate 75 (I-75) northbound on-ramp intersection at SR 70, located at the east quadrant of the interchange of I-75 and SR 70. Such participation is estimated to be 12.78% of the actual cost of construction.
 - (c) Participate in signaling the I-75 southbound off-ramp intersection at SR 70, located at the west quadrant of the interchange of I-75 and SR 70. Such participation is estimated to be 13.97% of the actual cost of construction.

All improvements are subject to approval of the Florida Department of Transportation. Additional requirements may be requested by FDOT's Access Management and Traffic Operation Sections.

Land Use exchanges between single family, multi-family and commercial uses may take place upon demonstration that the traffic impacts in the traffic analysis dated July 22, 1996 have not been exceeded.

VI. GENERAL CONDITIONS

1. Every phase of the development shall be required to be self supporting with regard to roads, drainage, utilities, recreation, fire protection, and other services normally associated with a residential development.
2. Prior to 12/31/97, a child oriented recreation site, as indicated on the approved plan, shall be dedicated to Manatee County.
3. Construction shall be restricted to general building type, (e.g. multi-story, zero lot line, single family attached, single family semi-detached, single family detached, etc.) number of units, and square footage of proposed uses as set forth on the revised Map H (dated August 9, 1996) provided that the developer shall be allowed to modify the

phasing schedule and unit type in accordance with procedures in the existing Land Development Code to accommodate fluctuating market conditions providing such modifications do not cause increased off-site impacts greater than those presented in the ADA as amended by this Development Order or any Certificates of Level of Service issued for the project.

4. In accordance with Section 380.06(18), F.S., the Developer and any successors in interest shall submit an annual DRI report to Manatee County, TBRPC and the state land planning agency on the 13th day of November, 1997 and each year thereafter until such time as all terms and conditions of this order are satisfied. Manatee County shall review the report for compliance with the terms and conditions of this order. Should the Director decide that further orders and conditions are necessary to insure compliance with terms and conditions of this order, a report shall be submitted to the Manatee County Board of County Commissioners and the Developer shall be notified of any hearing wherein such report is to be reviewed; provided, however, that receipt and review of any such report by the Board of County Commissioners shall not be considered as a substitute, waiver or change of conditions as to any terms or conditions of this order. The annual report shall contain the information required by the state land planning agency to be included in the annual report which information is described in the rules and regulations promulgated by that agency, pursuant to Section 380.06(18), F.S. Failure to file an annual report as provided herein shall subject the Developer to the temporary suspension of the development order by the local government.

In addition to the state land planning agency requirements, the annual report shall include:

- (a) Current traffic count data (ADT) for the following locations:
 - (i) East of the main entrance on S.R. 70
 - (ii) Main entrance road near S.R. 70
 - (iii) Between Braden River Road and the Braden River on S.R. 70
 - (iv) East of U.S. 301 relocated on S.R. 70
 - (v) West of U.S. 301 relocated on S.R. 70
5. In the event of a Development Order appeal or other legal challenge of the Development Order by the DCA or TBRPC, the Developer shall pay all costs and fees of County Staff and attorneys the County is required to expend related to said appeal or legal challenge at the rate of the processing fee for the Development Order under the current Planning fee schedules. Payment of all billings by the Developer related to such fees and costs shall be paid within 45 days of the submittal of an invoice. In the event the Developer prefers to have outside counsel handle such appeal of behalf of the County, and if the County is satisfied with the counsel selected by the Developer, the Developer shall have the right to have said outside counsel handle said appeal. In such case, the Developer shall be liable for the payment of all fees due to said counsel, plus all costs and fees of County staff and County attorneys, to the extent their assistance is needed by said outside counsel. Payment to County staff and County attorneys shall be at the rate of the processing fee for the Development Order under the current Planning fee schedule, and payment shall be paid within forty-five days of submittal of an invoice.

VII. CONCURRENCY AND PHASING

1. Any parcel in Phase II for which Preliminary Site Plans are submitted after November 13, 1997 or a Final Site Plan is submitted after November 13, 2000 shall comply with the requirements of the Comprehensive Plan (Ordinance 89-01, as amended) and the Land Development Code, (Ordinance 90-01, as amended.) which are in effect at that time. This provision shall not apply if the property in which this site plan is part of was included as part of a final plat approval which was not required to comply with the policies of the Comprehensive Plan and the 1990 Land Development Code as amended.
2. Any parcel in Phase III for which Preliminary Site Plans are submitted after November 13, 2002 or a Final Site Plan is submitted after November 13, 2005 shall comply with the requirements of the Comprehensive Plan (Ordinance 89-01, as amended) and the Land Development Code, (Ordinance 90-01, as amended.) which are in effect at that time. This provision shall not apply if the property in which this site plan is part of was included as part of a final plat approval which was not required to comply with the policies of the Comprehensive Plan and the 1990 Land Development Code as amended.

3. In addition to the foregoing preliminary plan submittal project phasing conditions, the Developer must adhere to the following phasing build-out schedule. This phasing build-out schedule is for Section 380.06, F.S. purposes only and does not serve to extend the dates of preliminary or final plan submittal as referenced in the project phasing conditions or compliance with a Comprehensive Plan.

Phase II: 1995 through 2003

Phase III: 1996 through 2007

Preliminary site plans shall be valid for a period of three (3) years. Final site plans shall be valid until the end of the phase for the development is proposed as described in the phasing build-out schedule.

This approval shall not affect the ability of the Developer to complete construction of subphases which have valid final site plans and construction plans in existence on July 25, 1996. These subphases include:

- (a) Phase I-M renamed as Phase III-S on revised Map H (dated August 9, 1996)
- (b) Phase I-B renamed as Phase II-A on revised Map H
- (c) Phase I-N renamed as Phase III-T on revised Map H
- (d) Phase I-J renamed as Phase II-J on revised Map H.

The Developer shall be entitled to request extensions of these plans as presently allowed by the existing Land Development Code. If these plans expire, any new site plans for these parcels shall be required to comply with the requirements of this Development Order.

4. Upon its review and approval by staff, a Certificate of Level of Service will be issued as part of this approval. Said certificate shall be for ten years.

VIII. LEGAL DESCRIPTION.

1. Development of TARA shall be restricted to the 1124.21 acres described below:

COMMENCE AT THE N.W. CORNER OF SEC. 14, TWP. 35 S, RGE. 18 E.; THENCE S 00°09'22" W, ALONG THE WEST LINE OF SAID SECTION 14, 502.36 FT. TO THE INTERSECTION WITH THE SOUTHERLY R/W OF STATE ROAD NO. 70, FOR A P.O.B.; THENCE CONTINUE S 00°09'22" W, ALONG SAID WEST SECTION LINE, 4805.11 FT. TO THE S.W. CORNER OF SAID SECTION 14, ALSO BEING THE N.W. CORNER OF SEC. 23, TWP. 35 S., RGE. 18 E.; THENCE S 00°03'05" E, ALONG THE WEST LINE OF SAID SECTION 23, 1322.53 FT. TO THE S.W. CORNER OF THE NORTH 1/2 OF THE N.W. 1/4 OF SAID SECTION 23; THENCE S 89°28'30" E, ALONG THE SOUTH LINE OF SAID NORTH 1/2 OF THE N.W. 1/4, 3142.71 FT. TO THE S.E. CORNER THEREOF; THENCE S 00°21'47" W, ALONG THE WEST LINE OF THE EAST 1/2 OF SAID SECTION 23, 2647.40 FT. TO THE S.W. CORNER OF THE NORTH 1/2 OF THE S.E. 1/4 OF SAID SECTION 23; THENCE S 89°25'46" E, ALONG THE SOUTH LINE OF SAID NORTH 1/2 OF THE S.E. 1/4, 2654.49 FT. TO THE S.E. CORNER THEREOF; THENCE S 00°42'53" W, ALONG THE EAST LINE OF SAID SECTION 23, ALSO BEING THE WEST LINE OF SEC. 24, TWP. 35 S., RGE. 18 E., 1324.75 FT. TO THE S.E. CORNER OF SAID SECTION 23, ALSO BEING THE S.W. CORNER OF SAID SECTION 24; THENCE S 89°29'57" E, ALONG THE SOUTH LINE OF SAID SECTION 24, 934.75 FT. TO THE WESTERLY D.O.T. R/W OF BRADEN RIVER ROAD, A.K.A. LINGER LODGE ROAD; THENCE N 00°27'05" E, ALONG SAID WESTERLY D.O.T. R/W, 79.05 FT.; THENCE N 83°26'06" E, ALONG THE NORTHERLY D.O.T. R/W OF SAID BRADEN RIVER ROAD, 654.90 FT.; THENCE S 89°32'55" E, ALONG SAID NORTHERLY D.O.T. R/W, 30.24 FT. TO THE BEGINNING OF D.O.T. LIMITED ACCESS R/W (160 FT. LEFT OF CENTERLINE CONSTRUCTION, BRADEN RIVER ROAD, D.O.T. STA. 25 + 80.24); THENCE CONTINUE S 89°32'55" E, ALONG SAID D.O.T. LIMITED ACCESS R/W, 200.00 FT. TO THE INTERSECTION WITH THE WESTERLY D.O.T. LIMITED ACCESS R/W OF STATE ROAD NO. 93 (I-75); THENCE N 13°41'35" W, ALONG SAID LIMITED ACCESS R/W, 2701.71 FT., TO THE P.C. OF A CURVE, CONCAVE TO THE NORTHEAST, HAVING A RADIUS OF 5857.62 FT.; THENCE NORTHERLY, ALONG SAID LIMITED ACCESS R/W, AND THE ARC OF SAID CURVE, THROUGH A CENTRAL ANGLE OF 14°36'40", 1493.76 FT. TO THE P.T. OF SAID CURVE; THENCE N 00°55'05" E, ALONG SAID LIMITED ACCESS R/W, 1415.11 FT.; THENCE N 00°13'40" W, ALONG SAID LIMITED ACCESS R/W, 899.24 FT. TO THE P.C. OF A CURVE, CONCAVE TO THE SOUTHWEST, HAVING A RADIUS OF 5635.58 FT.; THENCE NORTHWESTERLY, ALONG SAID LIMITED ACCESS R/W, AND THE ARC OF

SAID CURVE, THROUGH A CENTRAL ANGLE OF 06°28'53", 637.51 FT. TO THE P.C.C. OF A CURVE, CONCAVE TO THE SOUTHWEST, HAVING A RADIUS OF 2770.79 FT.; THENCE NORTHWESTERLY, ALONG SAID LIMITED ACCESS R/W, AND THE ARC OF SAID CURVE, THROUGH A CENTRAL ANGLE OF 17°32'01"; 847.92 FT. TO THE P.C.C. OF A CURVE, CONCAVE TO THE SOUTHWEST, HAVING A RADIUS OF 1339.56 FT.; THENCE NORTHWESTERLY, ALONG SAID LIMITED ACCESS R/W, AND THE ARC OF SAID CURVE, THROUGH A CENTRAL ANGLE OF 42°16'38", 988.43 FT. TO THE P.T. OF SAID CURVE, SAID POINT ALSO BEING ON THE SOUTHERLY D.O.T. LIMITED ACCESS R/W OF STATE ROAD NO. 70; THENCE N 66°31'12" W, ALONG SAID LIMITED ACCESS R/W, 462.42 FT.; THENCE N 70°20'03" W, ALONG SAID LIMITED ACCESS R/W, 750.13 FT., TO THE END OF D.O.T. LIMITED ACCESS R/W (150 FT. RIGHT OF CENTERLINE CONSTRUCTION, STATE ROAD NO. 70, D.O.T. STA. 16 + 34.75); THENCE N 57°46'58" W, ALONG THE SOUTHERLY D.O.T. R/W OF SAID STATE ROAD NO. 70, 138.05 FT.; THENCE N 70°20'03" W, ALONG SAID D.O.T. R/W 719.00 FT.; THENCE N 48°46'37" W, ALONG SAID D.O.T. R/W, 87.09 FT.; THENCE N 70°20'03" W, ALONG SAID R/W, 76.82 FT. TO THE P.C. CONTAINING 1124.21 ACRES MORE OR LESS.

IX. GENERAL.

1. This ordinance shall constitute a development order issued in accordance with Chapter 380 F.S..
2. Definition and matters contained in Chapter 380, F.S., shall control the construction of any defined terms and matters appearing in the development order.
3. The following are hereby incorporated by reference and made a part of this development order to the extent that they are not in conflict with this development order:
 - a. The "Application for Development Approval" together with supporting documents submitted by TARA.
 - b. The application for a Notice of Proposed Change dated February 5, 1996, together with supporting documents.
 - d. Revised Map H (dated August 9, 1996) together with Exhibit C to Map H.
4. The County acknowledges that in the adoption of this Development Order the Developer has not waived any rights with regard to approvals by other agencies with respect to grandfathering, vesting, or great-grandfathering issued previously to this project.

X. RESTRICTION ON DOWNZONING.

1. The County may not downzone or reduce the intensity or unit density permitted by the order prior to November 13, 2007 unless the County can demonstrate that:
 - a. Substantial changes in the conditions underlying the approval of the order have occurred; or
 - b. The order was based upon substantially inaccurate information provided by the Developer; or
 - c. The changes clearly established by the County to be essential for the public health, safety or welfare.

Any downzoning or reduction of intensity or unit density shall be affected only through the usual and customary procedures required by the statute and/or ordinance for changes in local land development regulations. For the purposes of this order, the term "downzoning" shall refer only to changes in zoning, land use or development regulations that decrease the development rights approved by this order, and nothing in this paragraph shall be construed to prohibit legally enacted changes in zoning regulations which do not decrease development rights granted to the Developer by this order. The term "downzoning" shall not be construed to mean any reduction in development rights caused by the developer's failure to receive a Certificate of Level of Service for any portion of the proposed project. The inclusion of this section is not to be construed as evidencing any present or foreseeable intent on party of the County to downzone or alter the density or intensity of the project but is included herein to comply with Section 380.06(15)(c)(3), F.S.

XI. BINDING ORDER UPON DEVELOPER.

1. This development order shall be binding upon the Developer and its successors in interest.

XII. RENDITION.

1. The Planning Department is hereby directed to send certified copies of this order within thirty (30) days of the date of signature by the Chairman of the Board of County Commissioners to the Developer, the Florida Department of Community Affairs, and TBRPC.

XIII. NOTICE OF RECORDING.

- 1. The Developer shall record a notice of adoption of this order as required pursuant to Chapter 380, F.S., and shall furnish the Planning Department a copy of the recorded notice.

XIV. SEVERABILITY.

- 1. It is the intent of this development order to comply with the requirements of all applicable law and constitutional requirements. If any provision or portion of this development order is declared by any court of competent jurisdiction to be void, unconstitutional, or unenforceable, then such provisions or portions shall be deemed null and void but all remaining provisions and portions of this development order shall remain in full force and effect.

XV. EFFECTIVE DATE.

- 1. This development order shall become effective upon filing with the Secretary of State, provided, however, that the filing of a Notice of Appeal to Chapter 380.07, F.S., stays the effectiveness of this development order.

XVI. AMENDMENT OF DEVELOPMENT ORDER FOR DRI NO. 11.

- 1. The previous development order for Tara which was adopted on November 13, 1980 and all subsequent amendments are hereby amended in their entirety, provided this amendment shall not be construed to terminate the rights of Developer, if such rights have been previously granted and not specifically herein or otherwise modified or amended.

XVII. TERMINATION.

- 1. This development order shall terminate on November 13, 2007 unless otherwise extended by law.

ADOPTED with a quorum present and voting, this 22nd day of August, 1996.

BOARD OF COUNTY COMMISSIONERS
OF MANATEE COUNTY, FLORIDA

BY: Jan Stephen
Chairman

ATTEST: R.B. SHORE
Clerk of the Circuit Court

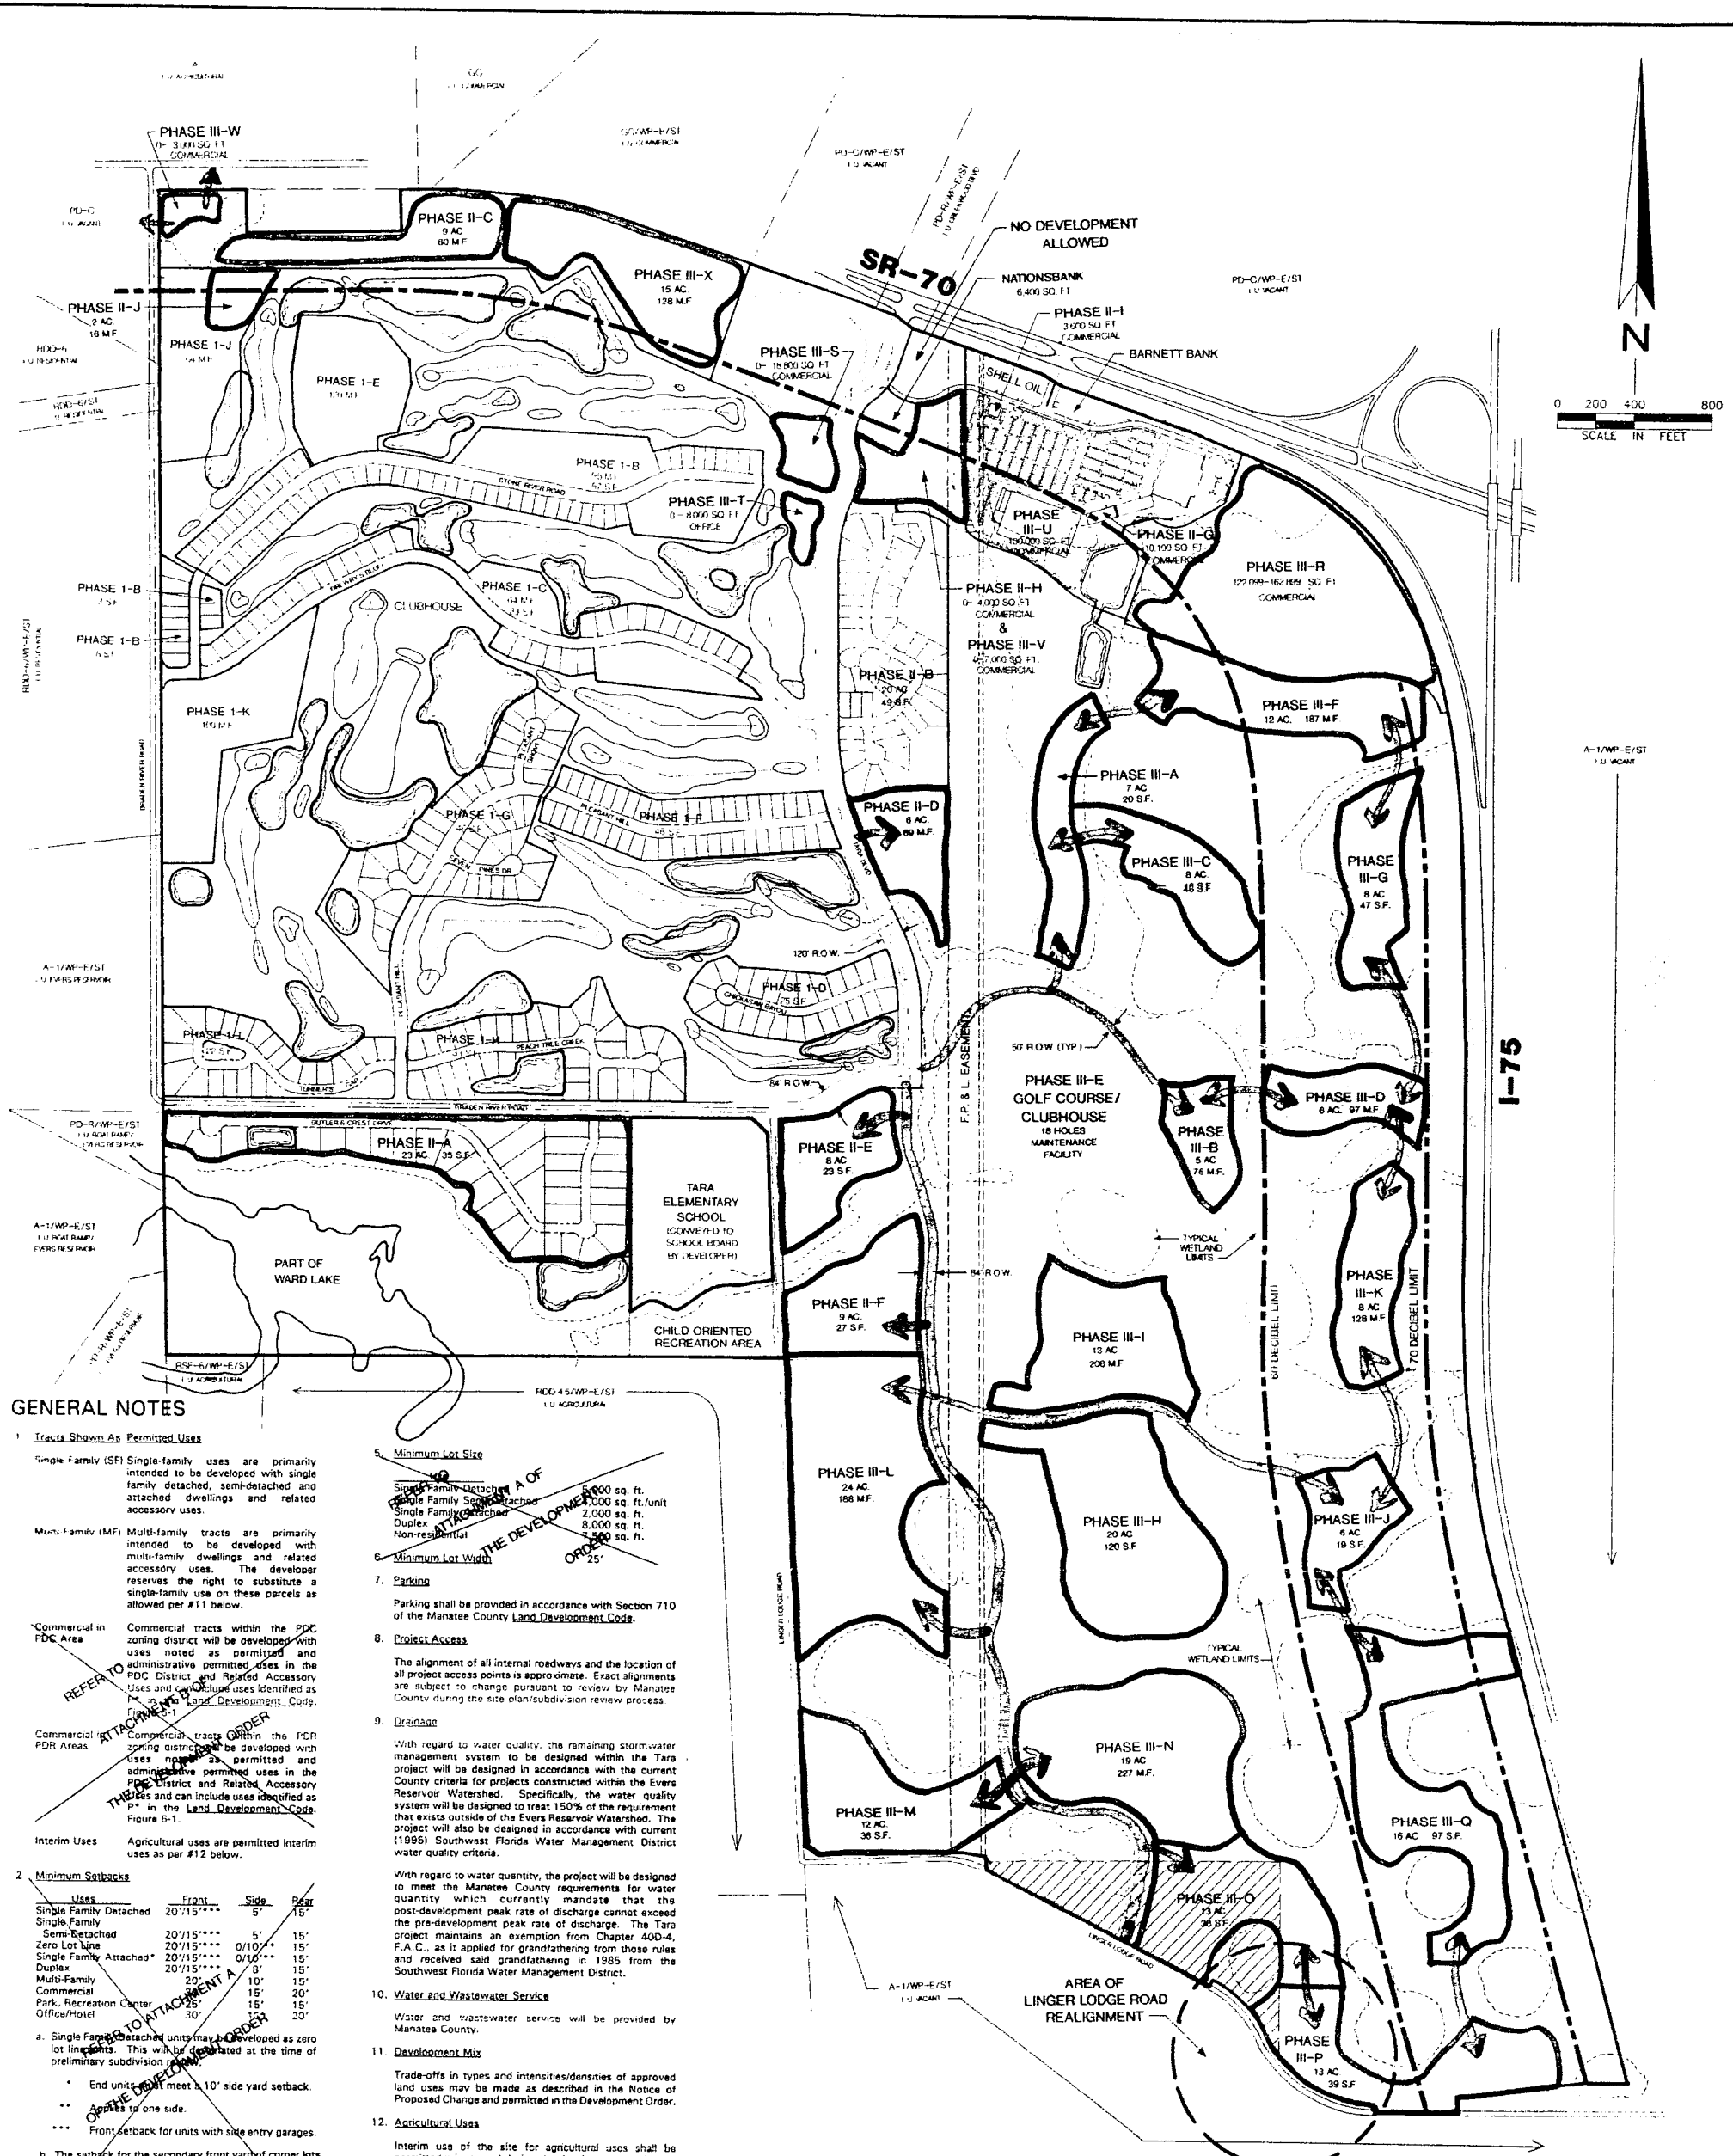

Susan P. Rowing

TABLE I

SUMMARY OF NOISE LEVELS IDENTIFIED BY ENVIRONMENTAL PROTECTION AGENCY AS REQUISITE TO PROTECT PUBLIC HEALTH AND WELFARE WITH AN ADEQUATE MARGIN OF SAFETY

EFFECT	LEVEL ¹	AREA
Hearing Loss	$L_{eq(24)}$ 70 dB	All areas
Outdoor activity interference and annoyance	L_{dn} 55 dB	Outdoors in residential areas and farms where people spent widely varying amounts of time and other places in which quiet is a basis for use
	$L_{eq(74)}$ 55 dB	Outdoor areas where people spend limited amounts of time, such as school yards, playgrounds, etc.
Indoor activity interference and annoyance	L_{dn} 45 dB	Indoor residential areas
	$L_{eq(24)}$ 45 dB	Other indoor areas with human activities such as schools, etc.

¹ $L_{eq(24)}$ represents the sound energy averaged over a 24-hour period while L_{dn} represents L_{eq} with a 10 dB nighttime weighting.

GENERAL NOTES

- Tracts Shown As Permitted Uses**
 - Single Family (SF) Single-family uses are primarily intended to be developed with single family detached, semi-detached and attached dwellings and related accessory uses.
 - Multi-Family (MF) Multi-family tracts are primarily intended to be developed with multi-family dwellings and related accessory uses. The developer reserves the right to substitute a single-family use on these parcels as allowed per #11 below.
 - Commercial in PDC Area Commercial tracts within the PDC zoning district will be developed with uses noted as permitted and administrative permitted uses in the PDC District and Related Accessory Uses and can include uses identified as such in the Land Development Code.
 - Commercial PDR Areas Commercial tracts within the PDR zoning district will be developed with uses noted as permitted and administrative permitted uses in the PDR District and Related Accessory Uses and can include uses identified as such in the Land Development Code, Figure 6-1.
 - Interim Uses Agricultural uses are permitted interim uses as per #12 below.
- Minimum Setbacks**

Uses	Front	Side	Rear
Single Family Detached	20'/15'	5'	15'
Single Family Semi-Detached	20'/15'	5'	15'
Semi-Detached	20'/15'	5'	15'
Zero Lot Line	20'/15'	0/10'	15'
Single Family Attached*	20'/15'	0/10'	15'
Duplex	20'/15'	8'	15'
Multi-Family	20'	10'	15'
Commercial	15'	15'	20'
Park, Recreation Center	30'	15'	15'
Office/Hotel	30'	15'	20'

 - a. Single Family Detached units may be developed as zero lot line units. This will be designated at the time of preliminary subdivision review.
 - End units must meet a 10' side yard setback.
 - Access to one side.
 - Front setback for units with side entry garages.
 - b. The setback for the secondary front yard of corner lots shall be a minimum of fifteen (15) feet.
 - c. Where side yards are adjacent to rear yards of corner lots, the driveway on the adjacent lot (non-corner lot) shall be located on the opposite side of the lot from the corner lot.
- Buffering/Screening**

Buffering and screening shall be provided in accordance with Sections 715 and 737 of the Land Development Code.
- Maximum Height (inclusive of parking)**

Use	Height
Single Family Detached	35'
Single Family Semi-Detached	35'
Single Family Attached	35'
Zero Lot Line	35'
Duplex	4 stories
Multi-Family	4 stories
Commercial	35'
Office/Hotel	4 stories

For each 1 foot of height over 35 feet, the setback from the I-75 and State Road 70 rights-of-way shall be increased by 1 foot.
- Minimum Lot Size**
 - Single Family Detached: 5,000 sq. ft.
 - Single Family Semi-Detached: 3,000 sq. ft./unit
 - Single Family Attached: 2,000 sq. ft.
 - Duplex: 8,000 sq. ft.
 - Non-residential: 10,000 sq. ft.
- Minimum Lot Width**

25'
- Parking**

Parking shall be provided in accordance with Section 710 of the Manatee County Land Development Code.
- Project Access**

The alignment of all internal roadways and the location of all project access points is approximate. Exact alignments are subject to change pursuant to review by Manatee County during the site plan/subdivision review process.
- Drainage**

With regard to water quality, the remaining stormwater management system to be designed within the Tara project will be designed in accordance with the current County criteria for projects constructed within the Evers Reservoir Watershed. Specifically, the water quality system will be designed to treat 150% of the requirement that exists outside of the Evers Reservoir Watershed. The project will also be designed in accordance with current (1995) Southwest Florida Water Management District water quality criteria.
- Water and Wastewater Service**

Water and wastewater service will be provided by Manatee County.
- Development Mix**

Trade-offs in types and intensities/densities of approved land uses may be made as described in the Notice of Proposed Change and permitted in the Development Order.
- Agricultural Uses**

Interim use of the site for agricultural uses shall be permitted prior to and during site development as allowed by the Comprehensive Plan, Policy 2.5.2.4.
- Signs**

On-site signs will be in accordance with Sections 724 and 737, Land Development Code.
- Parcels have not been surveyed and acreages shown are approximate. Parcels are subject to future subdivision in accordance with the Land Development Code.**
- Project Acreage:**

Area of Rezone	10.25 acres
Area of Revised Master Plan	1,104.96 acres
TOTAL	1,124.21 acres
- Site lies within Flood Zones X and AE of Community Panel No. 120153 0353C, 0354C and 0365C (1992)**
- Refer to Exhibit "C" for Phase Schedule**
- All adjacent rights-of-way and utilities are in compliance with Land Development Code standards.**
